WALTER ROEBEN IS REPORTED WAR PRISONER

Good news came to Mrs. Emilie Roeben, 857 Washington boulevard, Sunday evening, when she was informed by the adjutant-general at Washington, D. C., that her son, First Lieutenant Walter Roeben, was a prisoner of war of the Germans. Previously he had been reported "missing in action".

Text of the telegram received at 9:40 Sunday evening from J. A. Ulio, adjutant general, is as follows:

"Report just received through International Red Cross your son First Lieutenant Walter J. Roeben, is a prisoner of war of the German government. Letter of confirmation follows from provost marshal general."

Lt. Roeben, bombardier in the United States Fifteenth Air Force flying from an Italian base, in a telegram received by his mother August 10, was reported "missing over Germany" since July 25.

He had been in the armed forces two years when he went overseas January 1, and thereafter participated in shuttle bombing over enemy territory from Italy to Russia. He had passed the half-way mark in the number of missions alloted before leaves and furloughs are granted.

Only son of Mrs. Roeben, he attended Upland schools and Chaffey high school and junior college. Before joining the air forces, he was employed by the Ontario branch of the Bank of America.

Republican Women At Los Angeles For Conference

Upland Republican women are attending a series of conferences today at Los Angeles to discuss methods of aiding residents to register and vote in the November presidential election.

At the meetings in the Biltmore hotel are Mrs. Nelson Van Fleet, president of the West End Women's Republican club; Dr. Lilian Baxter, the club's program chairman, and Mrs. Walter Babcock, chairman of the Ontario precinct workers committee. They will meet with Mrs. Marion Martin, assistant chairman, Republican National committee, in charge of the women's division.

Mrs. Van Fleet said a luncheon will be held in Upland prior to the beginning of the vote registration campaign here if a meeting place can be obtained. Mrs. E. Birch Harrison is chairman of the precinct workers committee, and Judge Fred Jacobs is assistant chairman.

Service Stations Get New "A" Book Application Forms

New supply of application forms for "A" gasoline book renewal has been distributed to service stations, the Upland-Ontario war price and rationing board reported today.

However, application forms are scarce and the rationing board asks motorists not to waste them.

While applications have been received in considerable numbers, the total mailed to the ration office in Ontario is smaller than had been expected. Many are sent in unsigned.

Deadline on applications is September 8 but they may be mailed in after that date and will be handled as soon thereafter as possible.

City Issues Three Building Permits

Building permits were issued this week to R. E. Pyle for alterations to interior of dwelling at 283 South Third avenue, to E. Tweed Stone, 329 East Ninth street, for alterations to mortuary quarters of building and to Nora Daniel, 825 Washington boulevard, for termite control and repairs to be made by Antimite Associates, Inc.

Mrs. Malaise To Get Medal for Son's Bravery in Combat

Mrs. Eva Malaise, 406 East Seventh street, has received notification from the war department that an air medal will be presented to her on behalf of her son, Lt. Rene Malaise, for bravery in combat over Northern Italy, where he was reported missing in action last April 25.

Lt. Malaise was pilot of a P-38 fighter and on the date he was reported missing twice engaged enemy planes in bitter combat, one aerial battle lasting 20 minutes. The medal will be presented at the San Bernardino air base.

Whether Lt. Malaise is a prisoner of war has not been determined, but Mrs. Malaise states the International Red Cross is investigating.

TRAVEL HEAVY BUT VIOLATIONS LIGHT OVER HOLIDAY

Upland enjoyed a quiet Labor day week-end, free of accidents, injuries and fires, but persistent heavy civilian travel in the face of government efforts to check unnecessary movements drew the criticism of transportation officials.

Chief of Police Eugene L. Mueller reported heavy through traffic between the metropolitan areas and the mountain and beach resorts, but there were no accidents of consequence, no intoxicated driving, no fights and no injuries.

Police Officer Robert Browning yesterday afternoon was summoned to automobile accidents at the intersections of Euclid avenue and Foothill boulevard and at Euclid avenue and Ninth street, but in both instances it was found there was no damage and no injuries.

The police department picked up a few drunks on peace disturbance charges. The only police case of consequence was a suicide Friday of last week.

The Upland-Ontario rationing board said no gasoline allocations were made to motorists for holiday travel and that persons going out of town by automobile had to use their "A' book coupons.

Train and bus travel in and out of Upland was "normal." That is, the Santa Fe railroad and the Pacific Electric bus line facilities were jammed to capacity.

Fear of OPA action, however, may have been a deterrent to motorists to drive carefully. People seemed particularly anxious not to be picked up by police over the week-end on traffic charges.

However, civilian travel in and out of Upland was huge.

"We are in business to sell transportation," one official said. "We try to provide the space if we can. But we are limited by our equipment and our manpower. To the best of our ability we try to accommodate service men visiting their families, mothers and wives going to military camps, people who have to visit sick or deceased relatives. But unnecessary travel is enormous. We simply do not get cooperation."

PAPER DRIVE PICK-UP DATE SET

Paper salvage campaign will begin in Upland with the reopening of schools September 18, Howard N. Mason, chairman of the collection committee, announced today.

Paper will be collected from homes and business places between Twelfth and "A" streets by junior high school students, and possibly Elementary pupils. For persons living north of Twelfth street and south of "A" street, dates will be fixed when the papers may be brought to the downtown section and left at designated places on curbs.

In the meantime, Mr. Mason requests that Upland householders bundle their papers and tie them up.

$20,000 PERMIT ISSSUED TODAY FOR THREE BARRACKS

With valuation of $20,000, a building permit was issued this afternoon by the city to the Upland Lemon Growers association for three barracks to be placed on upper Campus avenue.

Don F. Tyler, association manager, obtained the permit and then left immediately for San Bernardino to confer with the War Production board relative to obtaining priorities for supplies.

"Just as soon as the paper work is completed, we will start actual construction," declared Warren H. Wass, president of the association. He said Clyde Jones, local builder, would be in charge of the work.

Plans call for three buildings. Two structures will each be 100 feet long and 24 feet wide and another building will be 120 feet long and 24 feet wide.

The work will be rushed so the structure will be completed to house Mexican nationals scheduled to arrive here early in the winter to pick lemons.

The permit was issued by Building Inspector Richard Derby.

Upland Policemen Accept Challenge For Pistol Match

Challenged by the Claremont policemen, Upland's expert police pistol marksmen will visit their range today at 3 p. m. for a shooting contest.

On the Upland team will be Chief Eugene L. Mueller, Lt. Ralph Palmer, and Officers William Smith, Harry Younge and Alfred Bolsta.

Complete Repainting Of Chamber Office

With the completion yesterday of a new coat of red floor paint, Upland chamber of commerce office is bright and sparkling. The exterior of the building was painted last week.

Dr. James V. Latimer, chamber secretary, declared today that the repainting job was in line with an effort to clean up and paint up all downtown buildings in the city.

ARRESTED FOR DRUNK DRIVING

Bennie Elbert Mathnws was arrested Saturday by Upland Police Officers Alfred Bolsta and William Smith on a charge of driving while intoxicated.

STUDENTS TO SIGN UP SEPTEMBER 15

Looking to the start of school September 18, Superintendent Harold W. Cook today gave additional instructions to parents and children relative to registering.

Registration day is September 15 and those asked to report at the schools then are the following:

All junior high school students.

All first graders who will attend the Elementary school.

All elementary students who have moved into the community since the close of school in June.

All kindergarten students who have not been previously registered.

Children may attend kindergarten if they will observe their fifth birthday anniversary prior to March 1. 1945.

The junior high school under direction of Mr. Cook will receive the students at the junior high building. Locker assignments will be given each student.

Miss Jessie Brown, principal of the Elementary school, will direct the registration of students there.

It was explained that the registration plans have been slightly changed since last week's announcement of the plans and Mr. Cook asked for the full cooperation of parents in seeing that their children are properly registered and ready for regular class schedules on Monday, September 18.

Unless they are directed to register otherwise, students will report to their schools for the first time September 18.

Brief

Interviews

AUXILIARY MEN BIG AID

Richard G. Manley, city manager: "Civilian defense is dormant now, but auxiliary police and firemen continue to meet regularly and have become a permanent part of our city government."

BOOSTS UPLAND

Joseph J. Nolan, executive of a movie company, who resides at 655 North Mountain avenue—"It is likely more people from the metropolitan area will make their homes here. It is far superior to San Fernando valley. The atmosphere is so much better—and besides it is right on the way to so many places—Lake Arrowhead, Palm Springs and the beaches."

WRAP 'EM RIGHT

Roy Ray, assistant postmaster: "When a mother spends two or three days wrapping a Christmas gift to her son overseas and we have to tear it up and repack it because it is not wrapped in accordance with the rules of the postoffice department, it is a big disappointment to her and rather disconcerting to us. We hope everyone in Upland will learn the postal rules, wrap their packages securely and mail them early."

MANY PULP MAGAZINES

Mrs. Bessie Walker, co-owner of Walker's market: "When the magazines come in, we receive three or four copies of each of the nationally popular issues, but bales of pulp comic books. Nevertheless, the comics are popular with the children and we sell them all."

"NO TAKERS" IN DRAWINGS HERE

The H. W. Hitchcock family, 684 East Seventh street, failed to receive $74 from the Upland dividend day fund last night because daughters of the family could not find any sales slips and the parents were not at home.

Likewise, the Upland food fund advances because resident of the house at 1286 Amethyst avenue, Alta Loma, failed to have the sales slips when $25 was offered Thursday evening.

The food fund jack pot for Wednesday and Thursday will be $35. All it takes to win is one sales slip from an advertising food store dated Wednesday or Thursday. Food store advertisements are in today's Upland News. The purchase is to total at least $1.

Picnic at Mueller Home Honors Former Police Officer

Sgt. and Mrs. John J. McCarty were guests of honor at a pot-luck picnic given him by his former associates on the Upland police department last night at the home of Police Chief and Mrs. Eugene L. Mueller.

Wives and families of the Upland police officers attending enjoyed a picnic on the grounds and community singing, and the children had a treasure hunt and competitive games.

Sgt. McCarty was an Upland police officer for a year before his induction five months ago, and Mrs. McCarty still resides at their home, 367 West street.

Others present were Lt. and Mrs. Ralph Palmer, Mr. and Mrs. Henry Younge, Mr. and Mrs. Alfred Bolsta, Robert Browning, Mr. and Mrs. George Cassell, Mr. and Mrs. Joseph Vieera, Mr. and Mrs. E. E. Carter and Mr. and Mrs. I. J. Linkey and their families.

J. F. Haddow, Here 43 Years, to Celebrate Eighty-Eighth Birthday

One of Upland's long-time residents, J. F. Haddow, will celebrate his eighty-eighth birthday anniversary this month.

Standing six feet tall and still erect with only a slight stoop at the shoulders, Mr. Haddow is rarely at rest in his waking day. Much of his time is spent reading and his day begins with a crossword puzzle he usually completes in about 15 minutes.

Remarking that his eyes are growing weak, he quickly put his hands on one of many letters he receives from his sons, daughters and grandchildren and read a portion without visual aid.

CAME HERE IN 1900

With his late wife, Mary, and their five children, Mr. Haddow came to California from Tingley, Ill., in 1900, first settling in Ontario in an effort to improve the health of the oldest daughter, Lucy Ethel, but the child succumbed. In 1901 the family moved to 44 East Eleventh street, Upland, then known as North Ontario, and he has resided there continuously since that time.

Mr. Haddow is a carpenter and helped construct many of Upland's homes and buildings. Purchasing two lots at the Eleventh street address soon after his arrival, he himself built his home with only one day's help to raise timbers. About three years ago, Mr. Haddow sold his residence to Mr. and Mrs. Bert L. Reed but still resides

NAVEL PRODUCTION WILL BE 80 PER CENT NORMAL

Next year's navel orange crop will be about 80 per cent of normal production, with the outlook having greatly improved in recent weeks, according to the official estimate made by local agricultural department inspectors.

Harry V. Cavers of the local office, said the new crop will be good and explained that "normal" means the average of the crops during the last 10 years.

This is the first crop prediction relative to the 1945 crop and is much brighter than had been first expected. A prediction including the entire citrus district will be issued soon by the county agricultural department.

Picking of the grapefruit crop was completed today and the last car will be shipped this week.

William Gilliland Lions' Zone Chairman

William Gilliland, immediate past president of the Upland Lions club, has been named zone chairman of the Lions club district and he will serve under Jess Zwiener. San Diego, district governor.

Allan Cook, Chino, is the new deputy district governor.

Quinton D. Watson, aviation ordnance mate second class in the navy, who is stationed near San Francisco, has spent a short leave with his wife and little daughter at their home, 407 East Ninth street.

GRAPE HARVESTING UNDERWAY TODAY

Grape harvesting in the Cucamonga-Guasti area was in full swing this morning with most growers in the vineyards, it was reported by the county department of agriculture at Cucamonga.

The harvest is expected to continue for seven or eight weeks before it is completed.

Most of the grapes will go to local wineries, with outside shipments reduced approximately 50 per cent since America entered the war. Winery prices, however, have not yet been set.

The labor situation today is reported strained, due partly to late harvesting in northern California agricultural districts and arrival of a smaller number of Mexican nationals than had been anticipated. Arrangements have been made to provide adequate labor by October 1.

Grapes being harvested today are reported to be of excellent quality, while the tonnage will approximate that of last year.

William Hutton is Named Cucamonga Township Judge Today

SUCCCESSOR CHOSEN FOR LATE JUDGE SHARP TODAY

Selected by the San Bernardino county board of supervisors, William B. Hutton was appointed judge of the Cucamonga Township court this morning.

He was appointed to fill the vacancy caused by the death of Judge James Sharp, who had served as magistrate since 1927.

Mr. Hutton, long active in Cucamonga and Etiwanda affairs, was recommended for the appointment by Will R. Mason at the supervisors' meeting in San Bernardino this morning. Mr. Hutton was notified of his appointment and he was scheduled to take the oath of office early this afternoon.

Miss Clara Young, who had served as secretary to Judge Sharp is scheduled to continue in that capacity, it was reported.

The Cucamonga Township has one of the most active justice courts in the county and Judge Sharp had handled many cases.

During Judge Sharp's long illness, Judge Fred H. Jacobs of the Upland township court handled cases in Cucamonga.

Inheritance Tax Attorney To Speak At Lions Meeting

Donald Peck, state inheritance tax attorney in charge of the Los Angeles office, will be the speaker at the meeting of the Upland Lions club in the Upland Woman's club house Thursday noon.

J. W. Mehl, deputy inheritance tax appraiser here, will be the program chairman.

NAME COMMITTEES FOR UPLAND LEGION

Names of committee members to serve Upland post, American Legion, were announced today by I. J. Linkey, who takes office tonight as post commander at installation ceremonies directed by Ralph Martin of San Bernardino, first area commander.

Committeemen appointed by Mr. Linkey and their positions are: Allan S. Barr, service officer; Mark B. Hickcox, librarian; E. C. Pierce, W. H. Bannister, Walter Gear, M. F. Huxtable, O. E. Atwood, coordinating council; Frank Nichols, Americanism; O. E. Atwood, Allan S. Barr, auditing; William H. Bannister, Armistice day; S. B. Rowe, boys state; E. E. Marsh, Paul Daggs, Eugene Nisbet, constitution and bylaws; Harry Plum, I. J. Linkey, L. E. Griffith, Herman Cordes, Boy Scouts; James E. Goodban, sick and relief; Herman Cordes, Charles Benson, entertainment; F. H. Rogers, flag service; Harry Plum; L. E. Griffith, housing; E. E. Carter, membership; Harry Plum, Sons of Legion; Earl Johnson, Red Cross; E. E. Marsh, E. C. Pierce, Allan S. Barr, building. The chaplain has not yet been chosen.

Francis Rogers is adjutant.

Other officers to be installed tonight are: E. E. Carter, first vice-commander; Roy Ray, second vice-commander, and M. F. Huxtable, Odis Baker and Vivian Harter, members of the executive committee. F. H. Rogers and John Belcher are hold-over executive committee members.

Mr. Bannister is the retiring commander.

BLOOD DONORS TO SERVE OCTOBER 16

Blood bank donors—attention.

Monday, October 16, is the day for another visit to the Upand Woman's club house to provide the vitally needed blood plasma to supply the increased number of American soldiers in the fight for victory.

Upland chapter of the American Red Cross is sponsoring the visit here of the mobile unit to serve blood donors.

Here is information directed to all interested persons:

It will be necessary for those who have signed up and donated previously to notify either the Red Cross or Ernest H. Gibson of their willingness to be present on October 16.

Those who have not served as a blood donor and who want to are urged to register immediately.

Here are the telephone numbers that may be called:

Mr. Gibson, business hours, 316-111; night, 313-381.

Red Cross, business hours, 316-173.

As the result of the tremendous increase in demands for blood plasma now, more donors must be obtained here, Mr. Gibson emphasized in appealing to the general public to volunteer and for previous volunteers to report their willingness to serve again.

Rather than being here in the mornings as previously, the mobile unit will come in the afternoon and accept donations from 2 to 6 p. m.

Upland's quota for next month has not been set but it is expected to be larger than previously.

Upland Library To Send Shipment of Books to Soldiers

Upland public library this week will send three big boxes of books to Los Angeles for use of America's military personnel, Mrs. F. H. Manker, librarian, announced and at the same time it was reported the office of war information is completing final details of a plan to broadcast radio programs in support of the "Give a Book" campaign.

"The books have been coming in splendidly," Mrs. Manker stated. "People are pretty well cleaned out of books now, but a surprising number of new ones have been turned in."

The book collection campaign will continue for the duration of the war, Mrs. Manker said. The radio program is expected to start next Monday, September 11.

C. OF C. ATTRACTS MORE MEMBERS

Prospects of obtaining 250 members in the Upland chamber of commerce are bright today, Dr. James V. Latimer, secretary, reported, with the declaration that company representatives and individuals are coming to the chamber office to enroll for the new chamber year.

"We are greatly pleased with the number of persons who come in personally to pay their chamber dues," Dr. Latimer stated.

"We would like to close our membership drive early and have all members reenrolled this month," he continued. "Individuals or firms not members last year who desire to join are especially welcome."

The chamber last year had 215 memberships and the goal this year is 250. If that goal is reached, Dr. Latimer said, the chamber will be able to meet its budget of $1645. Membership dues are $6 to individuals and $10 to business firms.

Jacobs Reports Two Forest Posts Open

Two positions have opened up for young men on the fire suppression crews in the San Bernardino mountains, Judge Fred Jacobs reported today, following a visit from E. H. Kincaid, district ranger of the United States Forest Service at the Lytle creek ranger station.

Judge Jacobs said that young men he placed in the forest service last spring are now leaving to return to school and that applications for their positions may be obtained from him or Mr. Kincaid.

The young men who must be over 16 years of age, will receive about $145 monthly and will live in the ranger camps.

MAILS PRODUCE FIRST CLASS TOTALS

Upland is doing first class postoffice business, Postmaster O. P. Brady revealed today with announcement that August revenue amounted to $3882.96, the largest August total in the history of the office here.

Comparatively, August revenues last year amounted to $2965.34, and in former years as follows:

1942	$2542.65
1941	1974.74
1940	2206.12
1939	1866.82
1938	1828.79
1937	1769.77

Mr. and Mrs. Edwin L. Wickstrom and son, Kenneth, returned last evening to their home, 117 West Arrow highway, from Balboa Beach, where they have spent the greater part of the past two months at their summer cottage.

Prominent Speakers Scheduled for Meeting Here Friday

Military and political information not heretofore disclosed will be revealed at a meeting Friday afternoon at 2 o'clock at the Upland Woman's clubhouse under the sponsorship of the West End Women's Republican club, Dr. Lilian F. Baxter announced today.

Speakers will be Col. E. G. Rarey of San Bernardino, World war veteran recently returned from England, and Mrs. A. F. Dosse of Fontana. It is expected that Earl Webb, Republican candidate for congress, who will oppose Harry S. Sheppard, will also be present as a speaker.

Dr. Baxter, publicity chairman for the club, declared the meeting will be "one of the best we have ever had, and Democrats as well as Republicans are invited to hear these distinguished speakers".

Col, Rarey, who has received favorable comment following several recent addresses in Southern California, will describe his observations in England, while Mr. Webb will discuss politics in Washington, D. C.

The meeting is open to the public without charge and tea will be served.

Weather Man Draws Five 62's On 7 a. m. Recordings

The weather man drew five of a kind in the 7 a. m. temperature readings the first five days this month. Recordings at the Santa Fe depot showed 62 degrees on each of the five mornings from Friday of last week through today.

The 3 p. m. temperatures varied widely, however as, follows:

Friday	74
Saturday	78
Sunday	82
Monday	88
Today	87

Cucamonga Firm Gets New Car Certificate

Certificate to purchase a new automobile was issued last week to Buehler Tank & Welding Works, 151 North Archibald avenue, Cucamonga, it was reported today by I. J. Knudson, OPA rationing representative at Los Angeles.

Mr. and Mrs. Charles E. Hays have returned to their home, 40 F street, from San Francisco where they spent a week as the guests of their nephew and niece, Mr. and Mrs. Thomas W. Stewart.

Soldiers Never Get Too Much Mail —It Is Far Too Little

Did you ever hear of a soldier getting too much mail? Neither did we. There just isn't any such thing. And it is well to bear that in mind.

Mail from home is just as important as food, ammunition and guns. If the men in training camps or on the battlefields don't hear from their families regularly, they get worried, desperately homesick.

More than 200 copies of The Upland News go to Uplanders in camps in all parts of the world, being sent as a contribution to help the boys keep in touch with home.

One of the most recent additions to The News' list of soldier readers is a very likeable fellow familiarly known as "Wimpy". Wimpy, with the invasion forces in France, took enough time out to write to a friend and said he would like to get The News. So "Wimpy"—if the mail can keep up with the victorious Allies—will get The News even though he is far away.

The point is—Uplanders should write regularly to the soldier boys. They never get too much mail. Probably most of them get far too little.

Automobile Casualties Equal Loss on Battlefronts

War casualties are mounting—but as the figures are totaled statisticians make comparisons of the human loss on the battlefield and on the home front.

It is appalling the toll that is taken by the automobile, even with the driving drastically restricted.

One of the greatest immediate needs is a greater realization by everyone of the destructive power of the steering wheel.

A young cadet was recently given an auto ride here. He admitted later he was frightfully nervous because of the careless driving. Errors are costly in planes and lives in the training centers and he has seen many of his buddies die because of mistakes.

"Every so often, auto drivers ought to be taken to a hospital to see the people who have been maimed for life because of carelessness," he observed. "That would make drivers more conscious of what happens when they are careless."

Pacific Coast Needs Car Production— And Kaiser May Do It

In thinking of post-war planning and the possibilities for industrial development in this area, we cannot overlook the possibility of Henry Kaiser producing an inexpensive automobile. He has hinted of this—and it seems very logical.

The mammoth Kaiser plant east of Upland isn't a mere "war baby", and the industrial wizard very likely knows what is ahead for it.

Large-scale automobile production would be a real boon to the west. It would employ thousands of workers. It would cut the high freight cost which westerners have long paid in higher car prices.

J. H. HADDOW IN UPLAND 43 YEARS

(Continued from Page One)

in a small room at the back of the house.

HEALTH IS GOOD

He retains his strength and his health is good. His only illness in recent years was a bad cold last winter that he threw off in a few days. He still walks downtown daily and sometimes twice a day.

His four surviving children were born in Ohio and Illinois but all were raised here. His youngest daughter, Mrs. Jack (Ella) Herron, was with him for six years, but went to Santa Rosa six months ago to be with her husband, who was at Pearl Harbor when the war began and who had been in navy service in the South Pacific. His daughter, Mrs. E. T. (Irene) Davis, resides at Santa Barbara and has three sons in military service. His sons are Herbert W. Haddow of Parlier and John F. (Monte) Haddow of Los Angeles. Monte Haddow was a veteran of the first World war and has two sons in the present conflict.

WIFE DIED IN 1938

Mrs. Haddow died at Upland August 1, 1938 following a brief illness. She had been a member of the Upland Methodist church, the Woman's Christian Temperance Union, Silver Link Rebekah lodge and Mary Brainard tent, Daughters of Union Veterans of the Civil war.

Lt. Robert B. Canfield of West Virginia, a grandnephew who twice visited Mr. Haddow here, several months ago lost his life while commanding an LST boat in the Mediterrancan. Another grandnephew, Sam Newton of Des Moines who took basic training at Camp Roberts, was recently killed in France.

Asked if he liked Upland, he replied: "Of course. I have lived here 43 years and helped to build it."

He related that in the early years of his residence here, he and his family left Upland with the temperature at 108 and encountered an earthquake at San Bernardino and ice in Lake Tahoe. He has not left Upland since.

FRIENDS ALL GONE

He is a member of the Sons of Civil War Veterans and still has the war department discharge paper issued his father, Capt. James Haddow. Until the last few years, he attended meetings regularly.

"I am getting tired and a little bit lonesome," he declared. "My friends are all gone."

But his neighbors say he makes new friends continually and has as many now as ever.

CUBS WILL ORGANIZE WHEN SCHOOL OPENS

Recruiting of boys between nine and 12 years of age for enlistment in the proposed Upland Cub Scout pack will begin with the reopening of school September 18, Eugene L. Mueller announced today. Mr. Mueller said he hopes to outline the Cub Scout program to fourth and fifth grade boys in their classrooms.

In the meantime, Mrs. N. R. Jamieson, chairman of the P.-T. A. character building committee, disclosed that she is forming a group of den mothers and requests that women interested in such assignments communicate with her. Her telephone number is 315-793.

Mr. Mueller said all boys wishing to join the Cubs will be signed up and an effort will then be made to organize sufficient dens. Mrs. Jamieson hopes to organize one den for each seven or eight boys.

It is planned to hold meetings weekly at the homes of the den mothers, with monthly meetings of all Cubs where experiences will be exchanged and achievement awards presented.

Woman (explaining to her husband) — The minister's sermon this evening was about Adam and Eve in the Garden of Eden. And I didn't realize she was not decently clothed until she ate the apple. And then he looked right at us women and said: "I wish more of the women of this church would eat more apples."

Soldiers Dislike Labor Unions

By JAMES KAVANAUGH

Possibly indicative of the changing tide of war in the far Pacific, Uplanders in private conversation can talk calmly these days of resettlement of Jananese-Americans on the west coast without fear of being called fascist collaborationists.

Speakers addressing service clubs and civic groups do not want to be quoted as favoring return of the Japanese; the contrary opinion of the man-in-the-street is still too strong. But Upland businessmen, well informed on the national and international course of events, now are not only lukewarm in their opposition, but even favor the return of the California-born Japanese who have been loyal to America at war.

The sneak attack on Pearl Harbor and the publication of espionage reports of Japanese military officers disguised as fishermen and truck gardeners raised such a furore several years ago that patriotic citizens were prepared almost to mob anyone who even suggested that the Japanese come back.

Churchmen have for many months opposed discrimination against the Japanese-Americans on constitutional grounds. But the newest idea heard in discussions here is that the Japanese are assets to the communities they inhabited. The bravery and loyalty of Japanese fighting in Italy with the Americans is partly responsible for the change. The need of Japanese produce is another.

Of course, Uplanders are not petitioning the government to send the Japanese back here, but the changing opinion of leading citizens is a sign of the times.

Labor unions will likely be in for some rough going when the hard-fighting soldiers, sailors, marines and airmen return from battlefields around the world. Popular opinion polls report the union movement to be held in the lowest esteem since pre-depression days. Curtailment of union power is an idea strong today.

Uplanders, of course, have been doing quite a bit of thinking and quite a bit of talking about unions, as have people in other sections of the country. But a new idea—to us, anyway— has been suggested here, namely, the creation of a government-sponsored union to give workers an even break, to protect business against unreasonable demands, and to represent the needs of the public at large.

Hardly anyone, even the most conservative businessman, opposes the equitable readjustments organized labor has won: Adequate wages, shortened week where practicable, vacations with pay, and medical insurance, for examples.

But the fear here is that the servicemen overseas, hearing only of strikes with causes unexplained and which are likely not well understood even by civilians, will not take too kindly to the labor organizations. It is hard for a marine, three days in a foxhole, to catch the reasoning behind jurisdictional strife or a demand for higher wages in the shipyards, for instance.

Possibly the unions will take an adamant position and prefer to go down battling and possibly the returning veterans will come home gunning for unions, but the opinion expressed here is that a rational approach to a tough problem would be in order.

Herds of War

"Out where the West begins" is where important food for war begins too.

The thundering herds of our western ranges stand for a basic food men eat to fight on, men eat to work on.

When the war cry went out for meat and still more meat, western ranchers; stockmen and farmers responded by raising the greatest number of beef cattle, hogs and sheep in the history of our country.

Put her there, partner! You're doing a great job in that fighting Home on the Range!

Two Uplanders, Held As Prisoners, Free

WALLACE TAYLOR, ROBT. BUCKWALTER ARE LIBERATED

That Lt. Robert Buckwalter and Captain Wallace C. Taylor, Jr., of Upland have been released as prisoners of war of the Romanian government and are now safe in Italy was the good news received by relatives here over the past week-end.

Miss Esther Buckwalter of Beulah college faculty this morning received word from her brother, Arthur, in Pasadena, that Lt. Buckwalter was one of 1126 American airmen released from war prisoner camps in Romania and that he is now in Rome. A native of Upland, he is the son of Rev. and Mrs. Harry Buckwalter, former residents who now make their home at San Francisco.

Mrs. Wallace C. Taylor, mother of Captain Taylor, 1056 North Euclid avenue, Ontario, now at her summer beach home at Lacertainty, loneliness, homesickness her son reading:

"Loving greetings, keep smiling, don't worry."

Lt. Buckwalter, navigator of a B-17 flying fortress shot down in a raid over Ploesti last May, was interviewed in Rome by James Kilgallen, war correspondent of the International News Service, Miss Buckwalter reported. In that interview, Lt. Buckwalter was quoted as follows:

"I can't express how glad I am to be here. I don't believe any person in this world who has not had a similar experience can know how much this means to us. Conditions were bad for us over there and I still have the feeling of uncertainty, loneliness, homesickness and futility."

Lt. Buckwalter was the First Californian reported rescued from Romania.

Capt. Taylor's plane was shot down over the Ploesti oil fields August 1, 1943. He was a bomber pilot.

When the rescued flyers will return to Upland is still unknown, but Upland, Ontario and Chino men who participated in raids over Ploesti have been furloughed home and visited the west end.

BIRTHS

Mr. and Mrs. Henry Austin, 422 Sixth street, Chino, are the parents of a baby daughter, who arrived Friday afternoon at San Antonio hospital.

A son was born to Mr. and Mrs. Lee Blaylock, 515 Etiwanda avenue, Etiwanda, Friday morning at San Antonio Community hospital.

Private and Mrs. Howard Burns of 202 East E street, Ontario, are announcing the arrival of a baby daughter, who was born Friday morning at San Antonio Community hospital.

Corporal and Mrs. Bernard Hook of 853 East A street, Ontario, became the parents of a baby daughter Friday night at Green Memorial hospital.

Jose Lopez, Mexican national, who is a member of the Alta Loma packing house crew, entered San Antonio Community hospital Friday for major surgery.

The new Chinese immigration quota is 105 persons a year.

It is easier to return thanks than to borrow money.

Junior—Mother dear, how do you get the cubic contents of a barrel?

Mother—I don't know. Ask your father.

All the money you put in war bonds will come back. Many of the soldiers who go to war will not come back.

COUNTY HOSPITAL COSTS DECREASE

Declaring that wartime prosperity the past year enabled more persons to go to private institutions, Dr. V. M. Pinkley, superintendent of San Bernardino county hospital, this week reported to the board of supervisors that the number of patients during 1943-44 decreased by 321 as compared to 1942-43 while collections from patients increased $11,592.

The institution, of which Dr. A. L. Weber of Upland is a member of the advisory board, had a patient population of 3155 during the year. Hospital births declined from 252 to 206 and home deliveries from 42 to only 4 this year. Deaths at the institution totaled 396, compared to 428 last year. There were 18,095 clinic visits as against 24,552 the previous year.

George S. Wiley Claimed by Death

George S. Wiley, a resident of Upland since 1921, passed away early Saturday afternoon at his home, 379 North Third avenue. He was 75 years old.

A retired farmer, Mr. Wiley came here from Washington, and had previously lived in Ontario. His wife died here in January of this year.

Surviving are four sons, Rex D. Wiley of Yakima, Wash.; Glenn Wiley of Fullerton, Lincoln M. Wiley of San Diego, and Frank C. Wiley of Upland, now in the navy; one daughter, Mrs. Ray W. Hostettler, of Fresno; 12 grandchildren and four great-grandchildren. He leaves also two sisters, Miss Lucy Wiley, who made her home with her brother, and Mrs. John Stacey of Springfield, Mo.

The Stone funeral home is in charge of funeral arrangements, which are incomplete.

The crystals that make up snowflakes are directly from water vapor in the free atmosphere at great heights without passing through a liquid state.

First Boy—My father is an animal trainer.

Second Ditto—Can you do any tricks?

Upland-Ontario-Chino Ration Board in Second Anniversary

Two years ago this month, Upland rationing board was consolidated with those at Ontario and Chino to save equipment, to establish uniform interpretation of regulations over a larger area and to function more efficiently, and that those aims were achieved was indicated today when Earl E. Hawthorne, chief clerk of the consolidated war price and rationing board, reported all rationing functions proceeding smoothly.

Remarking on the enormous amount of work that must be done to reissue gasoline "A" books, he said "we had to stamp 15,000 envelopes and 10,000 applications. Each of the applications had to be gone over three times, meaning someone must handle some one thing at least 75,000 times."

Systemization of the work has enabled employes to handle added duties he said. In the beginning, tires, bicycles, automobiles and typewriters were rationed. Typewriters have been removed from the list but the board now rations shoes, rubber boots, meats, processed foods, gasoline and stoves in addition to the tires, bicycles and automobiles.

J. G. Gaylord is now rationing board chairman and J. H. Beckley, who has served since January 9, 1942, has the longest service record. Other members are Mrs. L. F. Collins, D. L. Davis, E. M. Dietz, C. L. Dinger. L. A. Galbreath, S. M. Hoyt, J. U. Kellenberger, C. L. Knight, G. E. McQuatters, W. R. Mason, W. W. Mather, C. E. Mead, W. B. Rundle, A. A. Smith, H. S. Stewart, Dr. C. B. Taylor, Mrs. Robert Taylor. Neal Van Dorin, Mrs. A. L. Weber, C. E. Wetherbee, A. E. Whitfield, J. Y. Wickersham, E. B. Williams, Mrs. R. J. Kessler and O. G. Herbrecht.

Office employes, in addition to Mr. Hawthorne, are Miss Doris Magowan, gasoline department; Mrs. Mable Bowles, price department; Mrs. Constance Handley, food; Mrs. Helen Bessant, files; Mrs. Mabel Pyle, tires; Mrs. Olive Knox, trucks and highways; Mrs. Jo Meany, gasoline; Mrs. Ruth Morgan, gasoline and Mrs. Paula Hansen, food. Mrs. Pyle has resigned effective September 1 and her duties have been assigned to Mrs. Meany, while Mrs. Hansen is a new employe.

Mr. Hawthorne volunteered to assist the rationing program in December, 1942, and was named a board member in February, 1943. He has been chief clerk since October of last year.

Pilot Escapes Injury As Plane Crashes In Ontario Orange Grove

His chute opening just 500 feet above the ground, an Ontario army air field pilot escaped injury at 7:45 a. m. today when his P-38 crashed in an orange grove at San Antonio avenue and Dessau street.

The plane caught fire after landing in the grove. The blaze was extinguished by the Ontario fire department and airport trucks.

There were no injuries and no property damage other than in the orange grove and to the plane, which was both smashed and burned.

Three salesmen were eating dinner in a Washington hotel. The bill was $30 and all reached for the check. The first fellow said his firm was in the 50 percent bracket, doing war work, and that the bill actually would cost him only $15. The second man said, "Let me pay it. We're in the 80 percent bracket and it will cost me only $6. The third man said: "I'll pay the check. My firm is working on a cost plus basis and we'll make $3 on the meal."

—Arch Ward in Chicago Tribune.

Mother—Sally Lou, don't you know if you keep on doing naughty things, that when you grow up and marry and have children, they will be naughty too?

Sally Lou (gleefully)—Oh, mother dear, now you've told on yourself!

Woman—Anything happen since I saw you last?

Friend—Lots—I had all my teeth out and an electric stove and refrigerator put in.

If all the machine-guns made during the past two years were laid end to end, they would reach to where the war department bureau of public relations keeps its military secrets.

Attorney—Well, young man, I've found that I can get you a divorce after all. Your father-in-law didn't have a license to carry a shotgun.

Yes, it pays to be ignorant. The less a man knows about a woman the wiser he is.

BEULAH TO INSTALL PRESIDENT SUNDAY

Beulah college will have a new president next Sunday afternoon, when Rev. Jesse F. Lady is inaugurated to succeed Dr. Arthur M. Climenhaga. On Friday, the college will reopen for its twenty-fifth year.

Inauguration of the new president will take place in the Brethren in Christ church at 3 p. m. on Sunday, September 10, at which Rev. Lady will speak on "The Challenge of the Church College to This Generation". John M. Book, chairman of the board of trustees, will preside, and Dr. Climenhaga, Dr. H. G. Brubaker, Rev. Alvin G. Burkholder and Bishop J. H. Wagaman will have prominent roles at the exercises.

Opening of school will follow convocation in the college chapel at 9:30 a. m. Friday, at which Dr. Climenhaga will speak .

A two-star General, returning to camp one evening, couldn't produce his identification. The rookie on guard duty, unimpressed, refused to let him pass through the gates:

Finally, exasperated, the general bent forward, pointed to the stars on his shoulder, and bellowed:

General—Do you know what these stars mean?

Rookie—Sure, you got two sons in the service.

Bow legs are few and far between.

Try this Easy Way to... CLEAN FALSE TEETH

At last, a scientific way to clean false teeth and bridgework REALLY clean. Just put your plate in a glass of water to which a little quick-acting Kleenite has been added. PADUA HILLS THEATER

"Cuento de Vera Cruz," (a tale of Vera Cruz), romantic drama, will open on October 14 to inaugurate the 1944-45 season of the Mexican Players at the Padua Hills theater.

The theater, now closed for the annual vacations of the Mexican Players, will be dark until the opening of the new play. The Padua dining room, also closed for vacations, will reopen for luncheon and dinner service every day but Monday, on October 1, when the players return for rehearsals of the new production.

Dear Editor—
I would like very much to have the people read this—J. H. Campbell (it is not original.)

"THE ARKIES AND OAKIES"

Sure, we took California without losing a man;
We Arkies and Oakies could take Japan!
But while we'd fight that dad-burned foe
Who would build planes, we'd like to know?
If we swam the ocean, put the Japs to flight,
We'd have to swim back and work all night
To supply ourselves and the Allied nations
With sufficient arms and ammunitions.
We Oakies and Arkies are among the best,
We knew how to work before taking the test
Our force we've combined to help Uncle Sam!
So squawk all you want to, we've taken our stand,
We're not ashamed of our old state
In fact—we're proud and think it's great.
And when the war's over and you Callies are safe,
We'll gladly go home to that wide open space.—adv.

India, the land of immense wealth and home of one-fifth of the world's population, with natural resources rivaling those of the United States, is 90 per cent illiterate. Only 39 per cent of its people are well nourished, and 80,0000,00 of them are perpetually hungry.

HOLIDAY MAILING STARTS SEPT. 15

In preparation for Christmas mailing to service men overseas starting Friday of next week, September 15, Postmaster O. P. Brady today urged Uplanders to save strong string and box material and asked that when packages are wrapped they be bound securely to travel far distances intact.

The Christmas mailing period is September 15 to October 15, and after October 15 no gift parcel may be mailed to a soldier without presentation of a written request from him.

Mr. Brady requested that post-office regulations be observed, since his office is not permitted to accept parcels when the rules are not complied with.

"If gifts are to be protected in transit, they must be packed in boxes of metal, wood, solid fiberboard or strong double-faced corragated fiberboard reinforced with strong gummed paper tape or tied with strong twine."

"We advise that everyone write the address of the sender and addressee inside the package as well as outside. We were unable to deliver many parcels last year because they were crushed in transit and the gift and the outside wrapper became separated."

The parcel must not exceed five pounds and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" to assure arrival before December 25.

"Where are you going, my pretty maid? Why do you pass me by?"

"I'm on my way to gymnastic thchool," she lisped, as she heaved a thigh.

Many Uplanders Compliment Moremens on 60th Anniversary

When a quartet of her grandchildren, accompanied at the piano by her son, had finished singing "Home on the Range" Sunday, Mrs. A. P. Moremen remarked: "That is why I so enjoy having my children home. They have been singing all afternoon."

Mr. and Mrs. Moremen, residents of Upland since 1903, Sunday commemorated their sixtieth wedding anniversary.

Five of their six children and their families present were Mr. and Mrs. Austin H. Buckley of San Jacinto and their daughter-in-law, Mrs. Ralph H. Buckley (Winifred O'Brien) of Upland; Mr. and Mrs. Raymond Moremen and son and daughter, Bill and Helen, of Los Angeles; Mr. and Mrs. Merrill H. Moremen and daughter, Donna Mae, of Ontario; Endell Moremen, Hollywood, and Mr. and Mrs. Gentry McCorkle and son, Michael, of Pomona. A son, Hamlet L. Moremen, is in Washington, D.C., but his daughter, Miss Jean F. Moremen, Seattle, who will attend Pomona college, was present.

Upland residents stopping in at the comfortable home at 235 Euclid place, to offer congratulations and sign the guest book were: Mr. and Mrs. P. J. Moser, their daughter, Mrs. Wilma Nichols, and her daughter, Georgia Nichols; J. E. Confer, Frank G. Sprake, Mr. and Mrs. James McCoy, Mrs. C. B. Mattox, Mrs. Ralph Scott, Mrs. Carroll Johnson, Mr. and Mrs. F. E. O'Brien, Mr. and Mrs. Charles A. Bowser, Mr. and Mrs. W. W. Mather, Mrs. T. M. Nichols, Mrs. G. A. Brest, Mrs. Maud Brogan, Mrs. R. C. Stone and son, Ernest Tweed Stone; Mrs. Flora F. Moore, Mrs. L. T. Vedder, Mrs. Clara Tilden, Mr. and Mrs. John A. Dennis, Mrs. Frank H. Hubbard and son, Dana Hubbard; Mr. and Mrs. Walter F. Tyler, Mrs. Marie J. Hayden, Mrs. Edith S. Troeller, Miss Frances A. Barr, Mr. and Mrs. Ernest W. Fischer, Mr. and Mrs. H. G. Mashburn, Mr. and Mrs. J. E. Sargent, Verl C. Haynes, Mr. and Mrs. Wm. Trunkfield, Miss Ethel Moorhouse, Mrs. A. E. MacLaren, Mr. and Mrs. Glenn Wright, Mr. and Mrs. B. A. Eckman, Mrs. Ellery F. Wright, Mr. and Mrs. J. M. Book and son, Doyle; Mr. and Mrs. Raymond C. Norton, Mrs. Hubert Dennis and son, Morris; Miss Emma Lincoln, and Jack Shrum.

Ontarians present were Rev. and Mrs. W. Theodore Allison, S. G. McClelland and daughter, Miss Lela M. McClelland, and Mr. and Mrs. Herbert S. Bailey. Others were Mrs. Abner Haldeman, Anaheim; Mrs. Richard Smith, Claremont, and her daughter, Mrs. David F. Fowler, Glendale.

Among the many bouquets received by Mrs. Moremen was one from her grandson, Merrill, Jr., with the army in the New Hebrides. And to make the day complete, Mr. and Mrs. Moremen learned that another grandson, Ralph H. Buckley, with the American army in Southern France, is well.

Will Spend $650,000 on Wounded

Members of the Elks War Commission meet in Chicago with high ranking officers of the Army and Navy to discuss the Elks participation in the war effort during the next twelve months, when the fraternal organization will spend more than $650,000 on wounded men in Army and Navy hospitals.

Back row (L. to R.) are James R. Nicholson, chairman, Elks War Commission; Frank J. Lonergan, Past Grand Exalted Ruler, B.P.O.E.; and Col. George E. Ijams, Assistant Administrator of Veterans Affairs. Front row, Brigadier General Albert Lee Sneed, U. S. Army Air Forces, Denver, Colo., and Rear Admiral Arthur S. Carpender, Commandant 9th Naval District.

THE RANGER'S CORNER

By E. H. KINCAID,
District Ranger, Lytle Creek Ranger Station

This week's question: "What is fire weather?"

The Ranger says: You know this last week has been bad fire weather, but do you know why?

There are a combination of factors which make up fire weather."

1. High Temperature. You know it has been hot, over 100 degrees in most places.
2. Low Humidity—the amount of moisture in the air.
3. Increasing Wind Velocity.
4. Low Fuel Moisture — the amount of moisture in the grass, brush, and leaves.

When the temperature is high, the humidity and fuel moisture low, and where there is a fair wind, we have the worst possible "fire weather".

On Saturday, August 26, these conditions all existed, resulting in the Arrowhead Springs fire, which destroyed thousands of dollars worth of valuable watershed and property. Only through extreme effort was the hotel, which is now a navy convalescent hospital, saved from destruction. Our hats are off to these navy boys, who did a fine job of helping the forest service there Saturday afternoon.

Please be extremely careful with fire when these weather conditions exist.

Doctor—Ugh, your husband is a sick man.

Wife—Doctor, I want the truth. Is there no hope for my husband?

Doctor—Madam, I'm afraid he can't recover. But to make sure I am going to call in another doctor.

VET-LOAN PLAN

Bank of America

Every Bankamerican feels a personal obligation to homecoming veterans...and considers it a privilege to serve them.

Many discharged veterans will want to own a home, a farm, or business. To serve such veterans, Bank of America has developed the *Vet-loan Plan*.

Vet-loan Plan will be coordinated with the Servicemen's Readjustment Act and will supplement the Government "G.I." Credit Program for Veterans. *Vet-loan Plan* is designed to give each veteran's problem individual attention—to help him get exactly the right loans for his particular needs and his ability to pay.

Vet-loan Plan will make available to veterans the local and state-wide credit facilities of this banking institution that has grown with and helped build California for over 40 years.

Vet-loan Plan will be in full operation as soon as the regulations governing the "G.I." Credit Program are issued by the government.

Whether you are in or just out of the service, or have a relative in the armed forces, ask at the neighborhood Bank of America about *Vet-loan Plan*.

DANNER WRITES

Clyde Danner is either in England or Italy, his parents are not just sure because two letters came from him at almost the same time, each dated in a different country. He reported, however, that he was with the invasion forces in southern France "and came through it without any trouble." He is a flight officer in the glider corps and is the son of Mr. and Mrs. Clyde Danner. The flyer has been in the war theater for 15 months and he expects to be home within three months.

He had been in England for sometime and then there was an unusual break in the time between letters. Three weeks later, a letter came from Italy in which the officer told of the invasion in France. Later two letters, one dated in England and in Italy, arrived.

Ask Clubs Planning Veterans Aid To Coordinate With Service Group

Upland clubs, service groups or other organizations planning to aid discharged veterans of the military services, should communicate with the Veterans Service committee in the Selective Service office, 265 East Ninth street, E. C. Pierce, chief clerk, reported today.

Mr. Pierce mentioned that there has been discussion of the housing problem that might be encountered by returning veterans and their wives and families, and, as an example, mentioned that realty boards might be interested in handling the matter.

As another instance, he remarked that Uplanders might be interested in re-establishing the old-time practice of presenting each new family with a fruit basket, the gift to be made to the homecoming veteran.

The Veterans Service committee here was organized under the recently enacted "G. I. Bill" as an information center to help discharged military men readjust themselves to civilian life. F. H. Rogers, chairman of the Upland Selective Service board, is chairman also of the service committee.

The committee will aid veterans obtain their old jobs or find new ones, receive benefits, or obtain aid from any existing agency.

Relative to this, announcement was made yesterday by Albert G. Salter, county farm adviser, that the agricultural extension service has appointed consultants for the benefit of veterans contemplating farming careers. Mr. Salter and P. W. Moore will answer questions pertaining to citrus and deciduous fruits, grapes and walnuts; A. L. Campbell will be consultant on livestock, dairies, truck and field crops, and J. P. Hertel will give advice on rabbits and poultry. Appointments to discuss farm problems by veterans who wish to own their farms and become farm workers may be made through the Upland Veterans Service committee.
